Dear Godfrey

Communicating Europe Domestically: South Yorkshire – Thursday 5 March

I am writing to let you know that I will be visiting South Yorkshire on Thursday 5 March.

My visit is part of a strategy to bring a regional element to EU communications work and to communicate Europe domestically by illustrating how Europe is relevant to the lives of ordinary people. I will focus on projects and discussions which cover jobs and opportunities.

I am delighted to be making this visit to South Yorkshire and look forward to what should be a lively and informative day.

*Yours
C-Flint*
